Why your membership matters...

The mission of the Howard County Historical Society is to collect, preserve and share the diverse history of all the peoples of Howard County.

We believe that history is an intrinsic part of our quality of life. We share a sense of pride in our heritage, and believe that our history can create connections - from each of us to our neighbors, the past to the future, and our home to the world. We want to pass those values along to future generations and share them with friends. Member inclusion supports this vision.

Membership is also a critical part of our financial backbone. HCHS is responsible for preserving and sharing over 30,000 significant artifacts, photographs and documents. We also maintain and preserve four historic buildings and the grounds of the museum campus. The costs are significant and on-going.

Thank you for supporting Howard County Historical Society!
